FOREWORD

We, the Corridor Staff, are proud to present this yearbook to the faculty and the student body of F. C. S. We hope that as you glance through this book in future years, it will serve as a memory of your high school days in '54 and '55.

We have chosen as the theme "Senior Daze" and have built our title pages around the Seniors, their interests and their activities. So, to you Seniors, as well as the faculty and students, we present our book, THE CORRIDOR for 1955.

Dedication

Walton Huestis

With heartfelt gratitude and appreciation for his untiring efforts, we, the Corridor Staff of 1955, dedicate this annual to our music supervisor, Mr. Walton Huestis. Mr. Huestis has devoted considerable time in raising the standard of music education of F.C.S. students. He has given unselfishly of his time for many of the school functions e.g. football games, assembly programs, pep rallies, etc.

Under his able guidance, both the band and orchestra achieved a straight "A" rating at Fredonia in 1954.

We, of the Corridor Staff, feel that Mr. Huestis, is as much a part of the student body as of the faculty. So, to you Mr. Huestis, on your tenth anniversary at F.C.S., we gratefully dedicate our annual.

of

Mr. Benson
Supervising Principal

To the Board of Education we owe the privilege of attending a well organized school. It is responsible for the care and maintenance of school property; for hiring our worthy teachers, providing our school bus transportation and many other necessary functions of a successful school system. We all share the pride of our school's prestige among the schools of our county; therefore, we salute our Board of Education for its excellent work in building that prestige and making Falconer Central School an efficient machine for producing fine citizens of tomorrow.

A letter from our Principal

FALCONER CENTRAL SCHOOL

Falconer, New York

January 10, 1955

Office of the Principal

Dear Friends;

It is an honor to be asked by our yearbook staff to write a letter to the student body for publication in the Annual. As your principal and the representative of the high school staff these are the ideas I wish to convey to you.

Along with many pleasant social experiences it has been our objective to provide you with the knowledge and patterns of behavior which you will need for successful adult life. It is our hope that we have succeeded in our purpose.

You are among the privileged few who have been born in a democratic nation, a land of plenty. As students and graduates of Falconer High School, willingly accept the political, economic and social responsibilities which accompany the privileges of United States Citizenship.

With the Class of 1955 go our best wishes for a happy and useful life.

Everhardt von Reyn

. . . As you finger through the pages of this book, you probably will neglect to even give these two pages a second glance. But, on these two pages lie the pictures of the people who make this book possible. This is the staff that works the year around to give you, the student body, a permanent record of your high school days. Of course there are some people who have helped with this book, but whose pictures do not appear on these pages. Persons such as Mr. Allen from Richards & Donahue, who took our pictures, and Mr. Coy, the publishers representative to our district. All these people had a hand in making this yearbook a success plus many more. We hope you like our work.

Falcon Big Success in '54 And '55

Through the untiring efforts of the Falcon Staff and excellent cooperation from the entire student body, the Falcon for this school year was judged to be one of the better school papers published in recent years. Each succeeding issue showed some improvement and the staff was lauded by administration and faculty alike for their help in raising the standards for the publication.

Many innovations were used to better the paper. New columns were started and other old hackneyed columns which had been used for the past several years were discarded. All in all, we think our paper was a huge success.

Falcon Celebrates 33rd Year

Thirty-three years ago, a group of students consisting of Juniors and Seniors started the publication of a school paper. This paper was of course "The Falcon." For 33 years, the different staffs have worked hard and diligently on the mammoth job of printing a school paper, until we have the Falcon of today. So, its "hats off" to the Falcon on its 33rd year and to Frank DiMinuco for making this year a success.

This is the place, the F.C.S. gym. The date is Friday the 13th, the time is 7:50. We were working the night game out of Benson's office. My name's Bishop, I'm a coach, this is my partner "Sherlock Watto." We had a murder on our hands. Yes, somebody had shot a basket in cold blood. It is our job to find the killer. We were to view a line-up in 10 minutes down in the Boys' locker room. All the guys had records. At 8:00 we entered the room, the lights were bright and the whole faculty squad was there. At 8:05 the "cons" appeared on the screen. First in line was Vince Boyd, alias "Bones." He was a 10-yearer charged with double dribbling without a permit. Next in line was "Blackie" Saff, wanted for breaking training. Then came "Slippery" Shoup. He was up for roughing under the boards. A guy named "Rod" Sadowski was next. He was convicted of driving for the basket after dark on a junior operators license. Next there was "fatso" Piazza. He was caught taking bananas from the fruit market to eat between quarters. Then there was "shootin' " Steve wanted for hooking shots from mid-court. The big Swede was next in line. He was up for assaulting a referee who gave him a raw deal. Of course the "Goose" was in the line-up. This time he was transporting a stolen basketball over the 10-second line. Next there was "lefty" Spark who was hiding behind the 10th amendment. He planned the violent over-throw of the cheerleaders. After practicing all summer he still couldn't beat out "Red" Whipple for a berth with the Varsity Cheerleaders. Then came the pay-off, the last man in line. His name was Louie. We searched him and found it, a heater concealed in his sweat suit. He used it to warm the bench. Yes, we found our man. He was tried and found guilty. The sentence was 4 months at hard practice.
